This Complaint is also applicable to the Plaintiff’s spouses (“Derivative Plaintiffs”) and, where applicable to current or future substituted party representatives (i.e. administrators or executors of deceased plaintiffs’ or derivative plaintiffs’ estates). (“Representative Plaintiff” and Representative Derivative Plaintiff,” respectively). The aforementioned Order also directed the filing with the Court of a pro-forma Complaint by Adoption (Check-Off Complaint). Further, a plaintiff specific Check-Off Complaint is to be filed by individual plaintiffs setting forth allegations as against specified defendants, with respect to work performed at the properties and/or locations so specified in such Complaint by Adoption (Check-Off Complaint). Said Complaint by Adoption (Check-Off Complaint) further alleges and provides information specific to each individual plaintiff as to locations worked and injuries sustained. By operation of the Order aforementioned, all allegations

The Plaintiffs, individually or in their Representative capacity by their attorneys, state and allege the following upon information and belief as against the Defendants. Answering Defendant should respond to the allegations in this complaint with reference the property and/or location, as alleged herein, for which an interest or relationship exists, as alleged.

I.

INTRODUCTION

1. Plaintiff brings this action against the Defendants, as specified herein, seeking redress for injuries they have suffered in the past, and will continue to suffer, as a result of the Defendants' reckless, grossly negligent, and negligent ownership operation, leasing, maintenance, control, conduct, supervision, and management of the premises or place of business or work performed at same, and known as and/or located at: as specified herein, all in the City, County and State of New York, (hereinafter referred to as "the locations,") which were effected by and following the terrorist attacks of September 11, 2001, said area designated herein as the Lower Manhattan Disaster Site. The defendants are the owners or/their agents, operators, lessees, contractors or/their agents, managers, agents, insurers, permittees, and or/their employees and/or agents, and did own, operate, lease, manage, maintain, and/or control certain buildings in the Lower Manhattan Disaster Site, and/or who performed work and/or entered into agreements relative to certain work, labor and services such

as cleanup, repairs, demolitions, construction and excavation of buildings in the Lower Manhattan Disaster Site.

2. Because of the collapse of the World Trade Center from damage sustained in the attacks, the Twin Towers and Seven World Trade Center collapsed, spreading known and unknown toxic substances throughout the World Trade Center Site and the surrounding areas, in the Lower Manhattan Disaster Site, including “the locations,” portions of which, while owned, operated, leased, maintained, controlled, supervised, and managed by the Defendants, remained dangerous, defective, hazardous, toxic, unguarded, unsupervised, and unprotected for multiple days, weeks, and/or months thereafter. The Plaintiff participated in clean-up, construction, demolition, excavation, and/or repair, of the “locations” on or about or following September 11, 2001, and during the days, weeks and/or months that followed, and or as specified in the Plaintiff-Specific Complaint by Adoption.
3. The nature of this action is to recover money damages for the personal injuries, pain and suffering, loss of income, loss of services (where applicable), wrongful death (where applicable) and other damages sustained by the Plaintiff as a result of the carelessness, recklessness and negligence of the Defendants, their agents, servants and/or employees, in failing to provide the Plaintiff with a safe place to work at the buildings and/or place of business known as and/or located at the “locations,” and in failing to provide the Plaintiff with proper and appropriate respiratory protection and protection from exposure to toxins during the time that the Plaintiff participated in the clean-up, construction, demolition, excavation, and/or repair, at the buildings and/or place of business known as and/or located at the “locations,” that commenced

on or about or following September 11, 2001, and continued for many days, weeks, and/or months thereafter, and or as specified in the Plaintiff-Specific Complaint by Adoption.

4. The Air Transportation Safety and System Stabilization Act of 2001 (“ATSSSA”), Pub. 2 No. 107-42, 115 Stat. 230 (2001) (codified as amended at 49 U.S.C. § 40101 et. seq.) passed in the aftermath of September 11, 2001, creates “a Federal cause of action for damages arising out of the hijacking and subsequent crashes of American Airlines flights 11 and 77, and United Airlines flights 93 and 175, on September 11, 2001.” ATSSSA § 408 (b) (1). Further, The ATSSA § 408 (b) (2) states: that “the substantive law for decision in any such suit shall be derived from the law, including choice of law principles, of the State in which the crash occurred unless such law is inconsistent with or preempted by Federal Law.
5. The Plaintiff also seeks recovery for Defendants’ failure to provide proper and appropriate respiratory protection and proper and appropriate protective clothing and equipment; and for failing to properly monitor air quality; and for failing to properly notify him/her of the dangerous levels of toxins and contaminants in the air in, at and/or around the buildings and/or place of business known as and/or located at the “locations;” and for the Defendants’ failure to comply with the provisions of the Labor Law of the State of New York, Sections 200 and 241(6), and the New York State Industrial Code and the requirements of the Occupational Safety & Health Administration and other applicable federal, state and local statutes, law, rules, regulations and ordinances.

6. As a result of the foregoing, and at all relevant times, the Plaintiff was exposed to toxins, contaminants and other harmful airborne products such as fiberglass, glass, silica, asbestos, lead, benzene, organic matter, and other hazardous chemicals, substances and elements in, at and/or around the buildings and/or place of business known as and/or located at the “locations,” In consequence of said exposure (as referenced above and herein), the Plaintiff was injured, said injury being serious and permanent.
7. Defendants are thereby further liable to the Plaintiff under Sections 200 and 241(6) of the New York Labor Law, for the failure to comply with the applicable provisions of the Occupational Safety & Health Act, 29 U.S.C. Sections 654 *et. seq.* and the provisions of 29 C.F.R. 1910.38; 1910.132-134; 1910.146; 1910.120; 1910.156; 1910.1001; 1910.1025; 1910.1027; 1910.1000; and 1910.1200 as well as New York State Labor Law, Article 2, Section 27-a and Article 28, Section 878 and 12 NYCRR Sections 820.4 and 23.1-8 and other applicable federal, state and local statutes, law, rules, regulations and ordinances. Defendants are also liable for their negligence, gross negligence, and recklessness under common law.
